

FAITHFUL WORD BAPTIST CHURCH

August 26, 2021

To Whom It May Concern:

This letter is to articulate the doctrines of our church in regard to vaccines and immunization. We do not believe that it is right for Christians to be vaccinated.

Most vaccines are made from tissue that originally came from intentionally aborted fetuses. The Bible is clear that life begins at conception, which is why we believe that abortion is murder. As Christians, we cannot in good conscience use a product that was developed, researched, or manufactured with the use of tissue from a murdered human being. The following scriptures from the Bible demonstrate that unborn children are living, human beings:

"For, lo, as soon as the voice of thy salutation sounded in mine ears, the babe leaped in my womb for joy." - Luke 1:44

"For thou hast possessed my reins: thou hast covered me in my mother's womb. I will praise thee; for I am fearfully and wonderfully made: marvellous are thy works; and that my soul knoweth right well." - Psalm 139:13-14

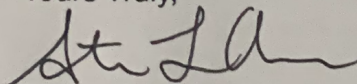

In addition, vaccines involve injecting "unclean" materials into the blood in order to provoke an immune response from the body. These include antigens and adjuvants, including germ and viral material, toxic substances, and animal materials. While not subject to the Old Testament law in a legalistic sense, the principals still broadly apply unless the New Testament gives other instruction. Vaccines violate the principle of separating unclean from clean. Nowhere in the Holy Scriptures does God ever instruct people to deliberately infect or contaminate themselves with something unclean for a supposed health benefit. In fact, when it comes to disease in particular, God instructs the exact opposite.

"And that ye may put difference between holy and unholy, and between unclean and clean." - Leviticus 10:10

"All the days wherein the plague shall be in him he shall be defiled; he is unclean: he shall dwell alone; without the camp shall his habitation be." - Leviticus 13:46
